

## LogBook: 9

Meeting No: 19

Date: 2026-02-27

Start Time: 10:00 PM

Last Visit Date: 2026-02-08

Finish Time: 10:45 PM

---

### Items discussed:

- Discussion on implementing email verification and notification system.
- Discussion on the request management system, including student request send and teacher accept/decline functionality.
- Discussion on the development of Teacher and Student profile pages and their dashboards.

### Achievements:

- Successfully developed Teacher and Student profile pages with full backend integration.
- Implemented the student request send feature and teacher accept/decline request functionality.
- Developed functional dashboards for both Teacher and Student with role-based access control.
- Implemented a notification system to inform users about requests and updates.
- Integrated email verification features to enhance system security and account validation.

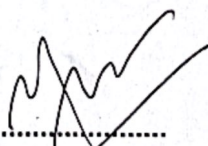

### Problems (if any):

- Faced role-based session management issues while separating Teacher and Student dashboards.

### Tasks for Next Meeting:

- Design and implement the Admin Dashboard with full backend functionality and system management features.
